THE iVT SERIES

iVT International Quarterly Magazine

iVT International is the world’s leading publication for off-highway OEM designers and engineers who devise and manufacture every kind of industrial vehicle, in every sector from construction and mining to agriculture, forestry and material handling. It connects the industry by showcasing the best new components and services available to OEMs from leading suppliers as well as publishing in-depth vehicle case studies, interviews with OEM leaders and profiles of the latest, groundbreaking new concepts. Regular technology updates focus new product and technology advances in areas such as mobile hydraulics, drive trains, vehicle design, electronics, electrification and automation. Contributions from industry specialists focus on the latest designs and engineering technologies that enhance vehicle development. Available four times a year, iVT magazine provides a regular platform from which to promote your company to OEMs worldwide.

iVT International Off-Highway Annual

If your components and technologies are used in off-highway vehicles, then this edition of iVT International provides an excellent platform from which to promote them. iVT Off-Highway Annual acts as a showcase of the latest components and technologies available to off-highway OEMs. Detailed editorial features cover a wide range of subjects, from advanced concept designs to component engineering and manufacturing technology. A variety of components are featured, although particular emphasis is placed on engines, drivetrains, mobile hydraulics and driver controls, cab ergonomics and styling. Circulated worldwide, the Off-Highway Annual provides vehicle manufacturers with an unrivalled guide to the latest technologies, while component manufacturers benefit from an effective marketing opportunity. Worldwide distribution.

iVT China 2024 Biennial Publication

The ideal publication in which to advertise to the vitally important Chinese market. 5,000+ copies are distributed to senior engineers and designers at China-based OEMs manufacturing all categories of industrial vehicles. Printed in Mandarin with free editorial and advertising translation available.

* Please note that although we try extremely hard to avoid changes to the publishing schedule, they can sometimes occur. In the event of change, publishing dates, final copy dates and editorial features may be subject to revision by the editor.

DIGITAL EDITION SPONSORSHIP
PREMIUM OPPORTUNITY

At www.ivtinternational.com you can read and download the latest digital versions of the ivt international magazine series as well as archived issues from the past. In September 2020 ivt launched its all-new digital edition. This fully interactive, smart-device optimised interface has already created a large increase in the numbers of readers choosing to access ivt digitally (39,274 visits and 214,467 page views for September 2023 - plus 10,461 unique monthly issue visits). It provides a richer editorial experience through added audio and video content, as well as extra words and images in certain articles. However, the opportunities for enhanced content aren’t just limited to editorial. Each edition one print advertiser, on a first-come-first-served basis, will be able to secure the position of our Digital Edition Sponsor. This premium advertising opportunity will consist of the following forms of digital promotion...

1. A 'presentation page' ad. This full page ad will appear directly opposite our front cover on the digital PDF replica of the issue
2. A logo and sponsor message in the email blast sent by ivt on digital publication
3. The opportunity to augment ads with video content

Advertising discounts are available for multiple orders
Series booking discounts: two issues 5%; three issues 7.5%; four or more issues 10%
Agency discount: 15%

* Series bookings only

ADVERTISER EDITORIAL OPPORTUNITIES

Technical Articles
A limited amount of space is available for advertisers to submit objective 600 word technical articles and are restricted to those booking a full-page ad. These editorial positions must run within the same issue an advertisement is run.

Bulletin Boards
Again, subject to the availability of space, positions for concise technical press releases of 200 words (with one colour photograph) are available free of charge to advertisers. They are published in the four issues of iVT International quarterly magazine only.

*Please note: Technical features and bulletin board entries appear subject to the editor’s approval, are published in the house style and will be edited to ensure style is consistent throughout the publication.

Limited space necessitates that where editorial contributions exceed maximum word count they will be shortened. Technical features may be affected in terms of specified page layout if text and pictures fail to meet size and/or quality requirements. Picture quality is required at 300dpi; size should ideally be no smaller than 15cm wide.

Please note that the iVT magazine series is published in two sizes and advertisement dimensions are as follows:

Mechanical Details

iVT International quarterly magazine, iVT China Biennial Review

Page trim size: 215mm (width) x 275mm (height) (8.465in x 10.827in)
All printed matter should be within 5mm (1/4in) of the edge to allow for trimming
