iVT INTERNATIONAL MAGAZINE SERIES IS PUBLISHED IN PRINT AND DIGITAL FORMATS

THE iVT SERIES

iVT International Quarterly Magazine

First published in 1993, **iVT International** is the world's leading publication for off-highway OEM designers and engineers who devise and manufacture every kind of industrial vehicle, in every sector from construction and mining to agriculture, forestry and material handling. It connects the industry by showcasing the best new components and services available to OEMs from leading suppliers as well as publishing in-depth vehicle case studies, interviews with OEM leaders and profiles of the latest, groundbreaking new concepts. Regular technology updates focus on new product and technology advances in areas such as mobile hydraulics, drivetrains, vehicle design, electronics, electrification and automation. Contributions from industry specialists focus on the latest designs and engineering technologies that enhance vehicle development. Available four times a year, **iVT** magazine provides a regular platform from which to promote your company to **25,000+** OEM readers worldwide.

iVT International

Off-Highway Annual

If your components and technologies are used in off-highway vehicles, then this edition of **iVT International** provides an excellent platform from which to promote them as extended-length editorial opportunities are offered alongside the option to embed video in our digital edition. **iVT Off-Highway Annual** acts as a showcase of the latest components and technologies available to off-highway OEMs. Detailed editorial features cover a wide range of subjects, from advanced concept designs to component engineering and manufacturing technology. A variety of components are featured, although particular emphasis is placed on engines, drivetrains, mobile hydraulics and driver controls, cab ergonomics and styling. Circulated worldwide to **25,000+** subscribers, the **Off-Highway Annual** provides vehicle manufacturers with an unrivalled guide to the latest technologies, while component manufacturers benefit from an effective marketing opportunity.

iVT China Supplement 2026

Biennial Publication

The **iVT biennial publication in Mandarin Chinese** previewing the international **Bauma China** trade fair for construction vehicles, Shanghai, PRC. Distributed to senior Chinese engineers and designers at China based OEMs and all show exhibitors and attendees. Free advertisement and editorial translation available. www.ivtinternational.com/online-magazines/ivt-china

* Please note that although we try extremely hard to avoid changes to the publishing schedule, they can sometimes occur. In the event of change, publishing dates, final copy dates and editorial features may be subject to revision by the editor

www.ivtinternational.com

2025 PUBLISHING SCHEDULE

iVT 2025 **August**

iVT International Quarterly Magazine

Electrification Special + Key Media Partner iVT Expo Chicago Preview + The Battery Show USA

Principal Editorial Features: iVT's Electrification Special is into its 7th edition and is the leading showcase for companies developing the technology and systems driving off-highway vehicle electrification. Comprehensive preview of key media partner's iVT Expo USA off-highway event, Chicago 20-21 August. Profiles of leading USA construction OEMs. Concise previews of the IAA Transport exhibition, Hanover and The Battery Show, Detroit

iVT 2025 **October**

iVT International Quarterly Magazine

Hydraulics/Electro-hydraulic Advances + DLG Media Partner - Agritechnica Preview + Lift-Truck Developments + Hydrogen + Alternative fuels + New Agricultural Vehicle Launches

Principal Editorial Features: Survey of the latest in hydraulic/electrohydraulic developments. Comprehensive preview of Agritechnica 2025, the world's leading agricultural exhibition, Hannover, 9-15 November. Developments in materials handling and lift-truck technology. Plus new agricultural vehicle case studies and the latest in hydrogen and alternative fuels

iVT Off Highway Annual 2026 edition

November/December 2025

Product Review + Design Challenge

The leading showcase referencing the latest technology, systems, and components available to off-highway OEMs. All product groups are featured: engines, powertrains, fluid power, electronics, ergonomics and styling. The augmented digital issue offers the opportunity of a free video interview for advertisers. Additional feature: The Design Challenge with the latest futuristic off-highway concepts

iVT 2026 **February**

iVT International Quarterly Magazine

Media Partner CONEXPO-CON/AGG Exhibition Preview + The Latest in Automation + Electronic components Special + New Construction Vehicle Launches

Major preview of exciting new features and innovations at CONEXPO-CON/AGG, the leading North American international construction trade show taking place 3-7 March, 2026 in Las Vegas. The latest technology advancements in off-highway automated construction vehicles. Electronic components special. New construction vehicle launches

iVT China 2026 **October**

iVT China Supplement 2026

October 2026

Distributed in Mandarin to our database of 5,000+ senior Chinese engineers and designers at OEMs in the People's Republic of China. Emailed by our media partner Bauma China to their entire database of exhibitors and visitors. Bauma China is the #1 trade fair for construction machinery and the essential gateway to the Chinese off-highway market.

Within just a few months, two of the world's outstanding trade fairs - Agritechnica Hannover and CONEXPO-CON/AGG, USA will drive forward the off-highway agenda. Like the Hollywood screen legends of the past, each of these great events are stars and has a unique personality of its own.

They're a wonderful opportunity to further your company's promotion and sales, so we urge you - don't let the laughter turn to tears. Make sure you get every possible benefit by advertising your company's presence and products at these leading shows in our iVT exhibition preview magazine issues. That way iVT's 25,000+ OEM readers are guaranteed to join in the party!

Europe 59.9%, North America 28.7%, Asia/Pacific 11.6%, Rest of World 2.7%.

*Combined print/digital version

SPONSOR A DIGITAL ISSUE A PREMIUM OPPORTUNITY

At www.ivtinternational.com you can read and download the latest digital versions of the **iVT International magazine series** as well as access archived issues from the past. Advertise in the digital version of the magazine and reach **25,000+ industry decision makers** with the publication of each issue. The digital issue provides iVT readers with a richer editorial experience through the addition of audio, video and visual features. And the opportunities for appearing with enhanced content aren't just limited in the issue to editorial. In each edition one print advertiser can sponsor the whole issue and achieve successive exposures to readers. This premium promotional advertising opportunity consists of the following package:

1. A full-page presentation advertisement prominently positioned directly opposite the front cover of the magazine
2. Two full page ads that 'pop-up' automatically between pages as you click through the magazine. These can be the same or different designs.
3. A 'resident' full page advertisement to accompany your technical editorial
4. A 600 word technical article and the opportunity to augment your technical editorial with video content such as interviews and product presentations
5. A logo and sponsor headline in the New Issue announcement emailer sent out to 25,000+ iVT readers on digital publication

All copies are sent free of charge and on an individually named, fully registered basis to directors, chief engineers, designers, senior managers and engineers responsible for the design and development of industrial vehicles and those concerned with component testing and purchasing. The circulation is continually updated as additional engineering personnel register for copies. The **iVT** circulation research team is in constant contact with OEMs to ensure copies reach the industry decision makers – the personnel responsible for making and influencing buying decisions.

MAJOR PREVIEWS OF THE WORLD'S LEADING EXHIBITIONS

iVT International is a media partner with the world's leading trade fairs in the off-highway sector

ADVERTISER EDITORIAL OPPORTUNITIES

Technical Articles

Full page advertisers: Whenever possible we make space available for full page advertisers to contribute 600 technical articles

Bulletin Boards

Half page advertisers: Similarly, whenever we can we make space available for half page advertisers to contribute 300 technical articles

*Please note: Technical features and bulletin board entries appear subject to the editor's approval, are published in the house style and will be edited to ensure style is consistent throughout the publication. Limited space necessitates that where editorial contributions exceed maximum word count they will be shortened. Technical features may be affected in terms of specified page layout if text and pictures fail to meet size and/or quality requirements. Picture quality is required at 300dpi; size should ideally be no smaller than 15cm wide.

Please note that the iVT magazine series is published in two sizes and advertisement dimensions are as follows:

Mechanical Details

iVT International quarterly magazine, iVT China Biennial Supplement

Page trim size: 215mm (width) x 275mm (height) (8.465in x 10.827in)

All printed matter should be within 5mm (1/4in) of the edge to allow for trimming

Text area: 195mm (width) x 255mm (height) (7.677in x 10.039in)

Half page: 183mm (width) x 115mm (height) (7.205in x 4.528in). No bleed option

Quarter page: 88mm (width) x 115mm (height) (3.465in x 4.528in). No bleed option

Mechanical Details

Off-Highway Annual Review

Page trim size: 210mm (width) x 297mm (height) (8 1/4in x 11 5/8in)

All printed matter should be within 5mm (1/4in) of the edge to allow for trimming

Text area: 180mm (width) x 270mm (height) (7in x 10 1/2in)

Half page: 180mm (width) x 132mm (height) (7in x 5 1/4in). No bleed option

Format: All material should be supplied electronically by email

iVT EMAIL MEDIA ADVERTISING

DIGITAL BANNERS ON THE iVT WEEKLY E-NEWSLETTER SERIES

Banners on weekly digital e-newsletter despatched to database of 19,000+ off-highway professionals

The screenshot shows the iVT Weekly E-newsletter interface. At the top is the iVT logo and tagline: "THE LEADING GLOBAL PUBLICATION FOR INDUSTRIAL VEHICLE TECHNOLOGY, DESIGN & ENGINEERING". Below this are navigation buttons for "Podcast", "Events", and "Videos". A prominent banner for "TWIN DISC READY TO GO ELECTRIC?" is displayed, with the text "WE HAVE RESOURCES AND EXPERTS TO HELP" and a "LEARN MORE" button. Below this is a section titled "Caterpillar introduces eight new next generation models" with a sub-header "Caterpillar has introduced eight new next generation Cat skid steer loader (SSL) and compact track loader (CTL) models. High performance is the standard for these next generation machines, elevating Caterpillar's loader reputation through upgrades in engine power and torque, lift and tilt breakout forces, stability, operator comfort, and technology." and a "READ MORE" button. Further down is a "POWER MEETS PROGRESS" banner for "NEXT GENERATION ENGINES" by John Deere, with a "Connect with us" button. At the bottom is a "Sponsored content" section titled "The evolution of power: John Deere diesel engine technology" with a "READ MORE" button. Labels with arrows point to the "POWER MEETS PROGRESS" banner as "iVT horizontal Banner" and the "Sponsored content" section as "iVT Sponsored Content advertisement".

E-BLASTS

iVT's eBlasts offer you the opportunity to reach our digital readership of over 19,000+ through a targeted marketing email approach. The content of the email is dedicated to your company and its products, and can be scheduled at a time of your choosing.

The screenshot shows an iVT eBlast email for J.W. Speaker. The header includes the J.W. Speaker logo and navigation links for "Home", "Blog", and "Contact". The main headline is "Warning Lights: Your Safety's Beacon". Below this is a large image of a truck with its warning lights on. Underneath are four icons representing different warning light types: "Extruder Warning", "Pedestrian Warning", "Red Universal Warning", and "Blue Universal Warning". A paragraph explains: "Maintaining safety on workites and in warehouses is challenging, but effective vehicle lighting has proven to be a key solution. The Model 980 LED Warning Projection Light enhances safety by providing superior steering, right quality and flash patterns, protecting operators and pedestrians from hazards and improving overall workplace safety and control." Below this is a "Explore the Model 980" link. Further down is a section titled "DON'T STOP AT JUST THE HEADLIGHT" featuring a tractor and a "Model 795" headlight. At the bottom are images of various light models: "Model 792", "Model 795", "Model 892", and "Model 893". A final paragraph states: "Safety is about much more than just forward lighting, both on and between workites. Enliven your workplace with the bold and brilliant Compact Work Light Series. Lightweight and compact these lights pack a punch, ranging from 2,000 - 3,800 effective lumens. While the entire Compact Work Light series ensures visibility on the workite, the MEW Model 795 is designed to help workers transport equipment between locations while staying compliant with on-road safety regulations." A "Discover the Compact Work Light Series" link is at the bottom.

iVT VIDEO INTERVIEW

A 4 - 6 minute interview opportunity enabling companies to introduce and promote their products, technology and achievements in a very direct and professional manner. Particularly effective when sent out in special e-newsletters from leading exhibitions.
